Dear Sir:-

It is a great pleasure for us to acknowledge the receipt of your kind letter of October 26th, 1942, in which you reported the transmission of this Radio Station C.M.Z.-1, " The Voice of Democracy ".

First of all, I want to express how deep our gratitude is for the valued report you have sent.- ccording to the gifts we offered to every person who would kindly write us giving some information about this important Radio Station, you will find enclosed pictures of our equipments and their operators. In regard to the Cuban Flag, I regret to inform you that on account of the " present conditions ", and as the most of these articles came from Europe, it has been imposible to get the enough number of Cuban Flags made of cloth, in order to please everybody who, as you had the kind to inform us how our transmission were listened.

Nevertheless, and as a symbol of our Country, we have the pleasure to send you a little Cuban Flag. It is little in size , but a big one for the significance that motives its sending and it will reach you as a grateful message that means another link of the strongest and fraternal chain that gather together all the countries of America for the triumph of Democracy.-Please be kind as to accept these gifts.

Hoping that Liberty on the world will win and so the Democracy, we remain,

Very truly yours,

Radio Station C. M. Z. - 1.
